Cardano Governance Survey for SPOs

Thank you for participating in this survey. This research initiative aims to measure and improve governance on the Cardano blockchain. Your responses will help us understand governance participation, decision-making, and areas for improvement.

Resources available:

The questions in this document support the Governance Measurement Framework which assesses the health of Cardano's on-chain governance, focusing on the roles of ada Holders, DReps, Stake Pool Operators (SPOs) and the Constitutional Committee (CC).

The State of Governance Report Outline is available as a summary of the planned measurement framework data presentation, and it can be read to support understanding of the process underway. Your responses will be reported as part of the Beyond MVG project milestone submission - All survey, interview and workshop data will be pooled together and publicly available. Please do not include any personal information in your responses.

What, if any, is the biggest barrier preventing you from participating more actively in Cardano governance? (Select one)

- ○ Governance proposals are too technical to evaluate
- ○ Voting tools are difficult to access or use
- ◉ Not enough time to review proposals before voting deadlines
- ○ Unclear what impact my participation would have / perception of lack of impact
- ○ Current deposit or fee requirements
- ○ Inadequate compensation / incentives
- ○ No significant barrier - I participate as much as I do or don't prefer

What type of information would most help you make governance decisions? (Select one)

- (●) Expert analysis of proposal technical implications
- ( ) How DReps and SPOs are planning to vote
- ( ) Historical outcomes of similar past proposals
- ( ) Constitutional Committee's assessment of proposals
- ( ) Evaluation of whether projected cost aligns with similar past proposals
- ( ) I have sufficient information to make decisions

Do you think DRep voting power has become more concentrated since the role was established? If so what do you think contributes most to this change?(Select one)

Dropdown

Difficult for ada holders to discover smaller or newer DReps

What, if any, would most help distribute voting power more evenly across DReps? (Select one)

Dropdown

Better tools for discovering and comparing DReps

What would most help increase SPO participation in governance voting? (Select one)

- ○ Clearer definition of SPO governance responsibilities
- ○ Dedicated SPO coordination channels for governance discussion
- ○ Financial incentives for governance participation
- ○ Recognition for governance participation
- ◉ Simplified voting tools integrated with pool management
- ○ Governance proposals presented in less technical language
- ○ No changes needed - current SPO participation is adequate

How do you prioritize governance participation relative to pool operations? (Select one)

- ○ Governance is equally important as pool operations
- ○ Governance is important but secondary to pool operations
- ◉ Governance is a lower priority - I participate when time permits
- ○ Governance is not a priority - I focus on pool operations
- ○ I wasn't aware SPOs have a governance role
- ○ Not applicable - I am not an SPO

When ada holders rarely change their stake pool delegation over time, what do you believe this most likely indicates?

- ○ Delegators are satisfied with their pool's performance and see no reason to change
- ◉ Delegators are not actively monitoring pool performance or governance participation
- ○ The process of evaluating and switching pools is too difficult or time-consuming
- ○ Both satisfaction and passive habits contribute to stable delegation patterns

What is an acceptable timeframe for the Constitutional Committee to review and vote on a governance action? (Select one)

- ○ Within 1 epoch (5 days)
- ○ Within 2-3 epochs (10-15 days)
- ○ Within 4-6 epochs (20-30 days) - Maximum before action expires
- ○ Depends on the complexity of the proposal
- ◉ I don't have an expectation for CC response time

What improvements would you most like to see in Cardano's governance system?

More investment in tooling... still waiting for a user friendly and save tooling for pooling deposit for a governance action.

Which of these roles best describes your involvement in the Cardano ecosystem? (Select all that apply)

- [ ] Ada Holder
- [ ] DRep (Delegated Representative)
- [ ] SPO (Stake Pool Operator)
- [ ] CC (Constitutional Committee Member)
- [ ] Proposal Submitter / Project Catalyst Veteran
- [x] Developer
- [ ] Researcher / Academic
- [ ] General Community Member / Enthusiast
- [ ] Governance Tooling Projects
- [ ] Other Cardano Project

How long have you been actively serving as a stake pool operator?

- ( ) Less than 6 months
- ( ) 6 months to 1 year
- ( ) 1 to 2 years
- ( ) 2 to 4 years
- (•) Longer than 4 years

Thank you!

Cardano Governance Survey for SPOs

Thank you for participating in this survey. This research initiative aims to measure and improve governance on the Cardano blockchain. Your responses will help us understand governance participation, decision-making, and areas for improvement.

Resources available:

The questions in this document support the Governance Measurement Framework which assesses the health of Cardano's on-chain governance, focusing on the roles of ada Holders, DReps, Stake Pool Operators (SPOs) and the Constitutional Committee (CC).

The State of Governance Report Outline is available as a summary of the planned measurement framework data presentation, and it can be read to support understanding of the process underway. Your responses will be reported as part of the Beyond MVG project milestone submission - All survey, interview and workshop data will be pooled together and publicly available. Please do not include any personal information in your responses.

What, if any, is the biggest barrier preventing you from participating more actively in Cardano governance? (Select one)

- ○ Governance proposals are too technical to evaluate
- ○ Voting tools are difficult to access or use
- ○ Not enough time to review proposals before voting deadlines
- ◉ Unclear what impact my participation would have / perception of lack of impact
- ○ Current deposit or fee requirements
- ○ Inadequate compensation / incentives
- ○ No significant barrier - I participate as much as I do or don't prefer

What type of information would most help you make governance decisions? (Select one)

- ○ Expert analysis of proposal technical implications
- ◉ How DReps and SPOs are planning to vote
- ○ Historical outcomes of similar past proposals
- ○ Constitutional Committee's assessment of proposals
- ○ Evaluation of whether projected cost aligns with similar past proposals
- ○ I have sufficient information to make decisions

Do you think DRep voting power has become more concentrated since the role was established? If so what do you think contributes most to this change?(Select one)

Dropdown

Well-known DReps attract more delegation regardless of performance

What, if any, would most help distribute voting power more evenly across DReps? (Select one)

Dropdown

Better tools for discovering and comparing DReps

What would most help increase SPO participation in governance voting? (Select one)

- ○ Clearer definition of SPO governance responsibilities
- ○ Dedicated SPO coordination channels for governance discussion
- ○ Financial incentives for governance participation
- ○ Recognition for governance participation
- ◉ Simplified voting tools integrated with pool management
- ○ Governance proposals presented in less technical language
- ○ No changes needed - current SPO participation is adequate

How do you prioritize governance participation relative to pool operations? (Select one)

- ○ Governance is equally important as pool operations
- ◉ Governance is important but secondary to pool operations
- ○ Governance is a lower priority - I participate when time permits
- ○ Governance is not a priority - I focus on pool operations
- ○ I wasn't aware SPOs have a governance role
- ○ Not applicable - I am not an SPO

When ada holders rarely change their stake pool delegation over time, what do you believe this most likely indicates?

- ○ Delegators are satisfied with their pool's performance and see no reason to change
- ◉ Delegators are not actively monitoring pool performance or governance participation
- ○ The process of evaluating and switching pools is too difficult or time-consuming
- ○ Both satisfaction and passive habits contribute to stable delegation patterns

What is an acceptable timeframe for the Constitutional Committee to review and vote on a governance action? (Select one)

- ○ Within 1 epoch (5 days)
- ○ Within 2-3 epochs (10-15 days)
- ◉ Within 4-6 epochs (20-30 days) - Maximum before action expires
- ○ Depends on the complexity of the proposal
- ○ I don't have an expectation for CC response time

What improvements would you most like to see in Cardano's governance system?

Provide historical DReps activities and their rationales.

Which of these roles best describes your involvement in the Cardano ecosystem? (Select all that apply)

- [x] Ada Holder
- [ ] DRep (Delegated Representative)
- [x] SPO (Stake Pool Operator)
- [ ] CC (Constitutional Committee Member)
- [x] Proposal Submitter / Project Catalyst Veteran
- [ ] Developer
- [ ] Researcher / Academic
- [x] General Community Member / Enthusiast
- [ ] Governance Tooling Projects
- [x] Other Cardano Project

How long have you been actively serving as a stake pool operator?

- (●) Less than 6 months
- ( ) 6 months to 1 year
- ( ) 1 to 2 years
- ( ) 2 to 4 years
- ( ) Longer than 4 years

Thank you!
Thank you for completing this survey. Your input will directly inform how we measure and improve Cardano's governance system.
